

*For Immediate Release*

**IIJ to Sell Four Devices, including the VAIO Phone Biz through IIJ Mobile Supply Service**

TOKYO— May 12, 2016—Internet Initiative Japan Inc. (IIJ, NASDAQ: IJJI, TSE1: 3774), one of Japan's leading Internet access and comprehensive network solutions providers, today announced that it has added the SIM-free VAIO Phone Biz smartphone from VAIO, featuring Windows 10 Mobile through its IIJ Mobile Supply Service, which offers SIM-free devices for business. The VAIO Phone Biz goes on sale today. IIJ also began sales today for USB-type data communications device, BESTEK's 520BU and NCXX's UX312NC, which it currently offers on a rental basis as part of IIJ Mobile Service. IIJ will also begin selling Fujisoft's FS020U in late June.

The VAIO Phone Biz is a smartphone that comes with the Windows 10 Mobile OS, making it highly compatible with other Microsoft products. The 520BU is ideal for data communications using a PC, and the UX312NC offers the stable operation that is a must for M2M devices. The FS020U, on the other hand, can be used for both PC and M2M applications.

These additions to IIJ's lineup will allow customers to choose the optimal devices for their own applications and business needs. Customers can easily combine these with SIM cards offered through the IIJ Mobile Fixed fee plan Lite and IIJ Mobile M2M Access Service, and start mobile data communications services as a one-stop service.

**■ Overviews of devices**
